# GOOD FITLER GOOD LIFE

H12 high-efficiency composite clamp carbon cloth filter

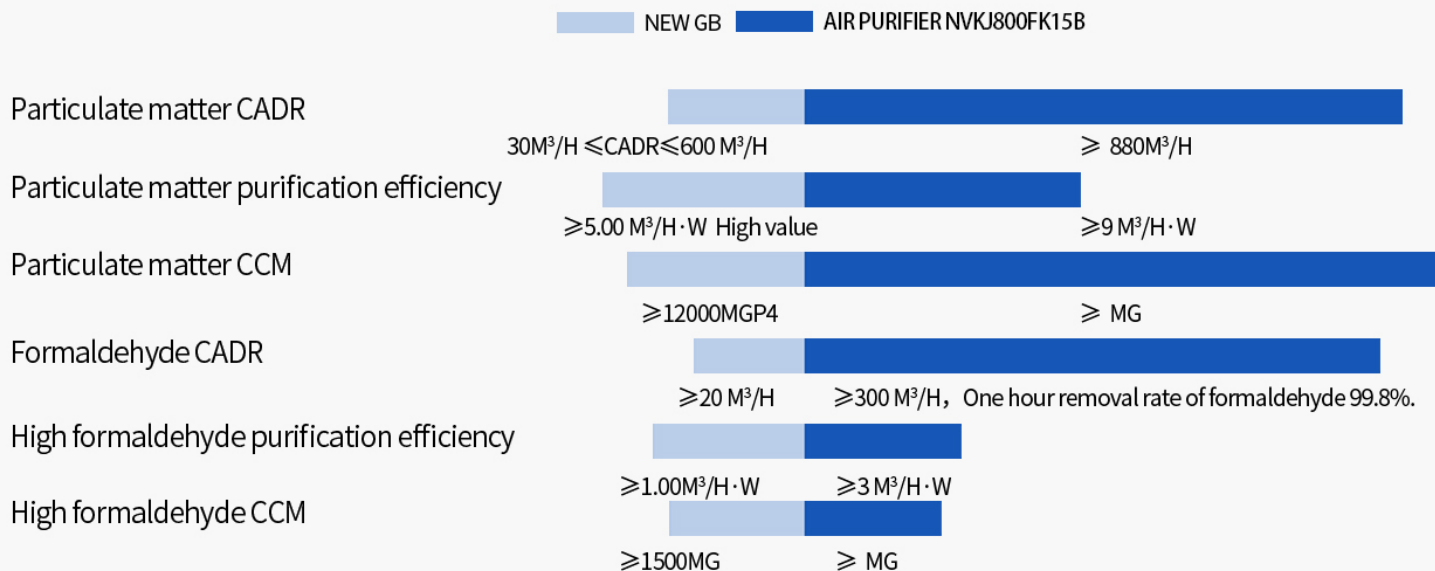

Effective adsorption of formaldehyde,  
minimum blocking particles 0.02 microns  
(100 times smaller than the upper limit of PM2.5).

# THREE HIGHS AND ONE LOW LEADS THE NEW NATIONAL STANDARD

## New National Standard VS Air Purifier NVKJ800FK15B

New GB tell us, a truly effective air purifier=high CADR + high CCM + low noise

## QUIET AND SOFT

# BREATHE NATURALLY

Releases 10 million/cm<sup>3</sup> high-concentration negative ions, Prevention of disease, spread of bacteria  
Negative ions can be purified, dusted, deodorized, and sterilized for optimum treatment to prevent diseases and spread bacteria.

A central image of a white cylindrical air purifier with a digital display at the top showing '888' and '88'. The purifier is surrounded by green leaves and bubbles containing 'O<sub>2</sub>'. Six icons are arranged around the purifier, each with a label: 'sterilization' (green virus icon), 'remove dust' (grey dust icon), 'adsorbs bad smells' (woman smelling icon), 'purification' (blue water icon), 'formaldehyde' (red virus icon), and 'hair' (brown hair icon).

# ACCURATE DETECTION INTUITIVE DIGITAL DISPLAY

PM1.0 real-time display

Japan imported SHINYEI KAISHA particle sensor  
Power on stable operation time is 6 seconds,  
response time is 1 second, monitor particle size  
down to 0.3 micron

## TRIPLE PROTECTION SAFE AND RELIABLE

· Open the cover and power off  
the machine power off automatically when it's cover is opened

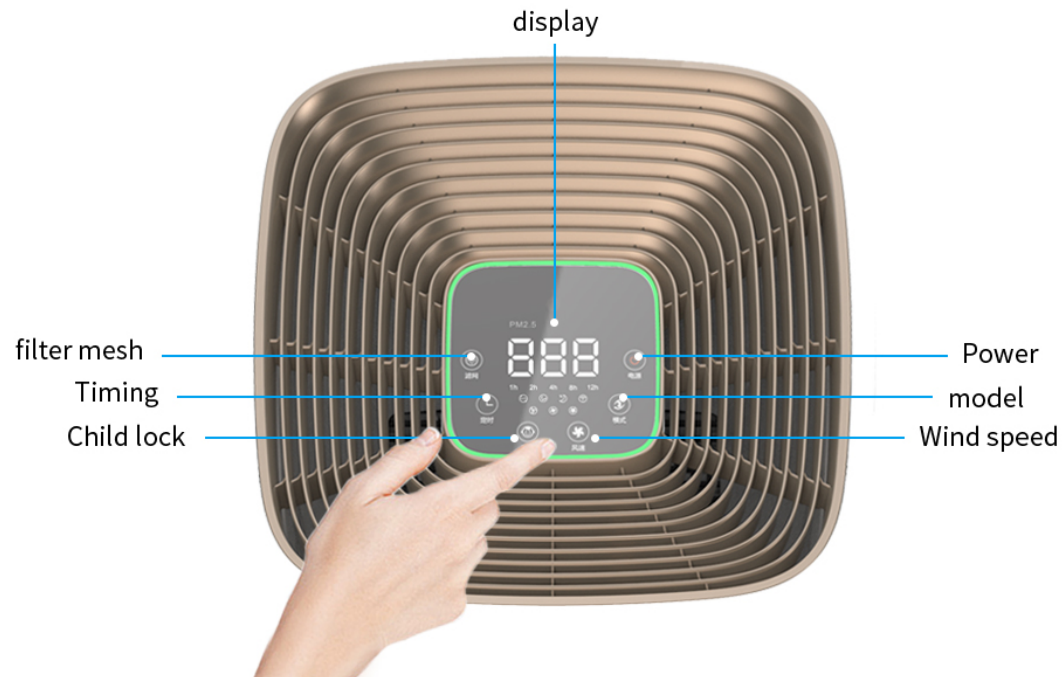

· Child lock  
prevent children from accidentally touching, causing security risks

· anti fall off switch  
dump more than 15°, power off protection

# TOUCH SCREEN DESIGN

[ Clean up between your fingers ]

# AIR POLLUTION INDICATOR

Visual display of air quality

Air quality: excellent  
interface colors: blue

Air quality: good  
interface colors: green

Air quality: fair  
interface colors: yellow

Air quality: poor  
interface colors: red

## TOP GRILL OUTLET

Safe and intimate to prevent finger

## BOTTOM CASTER WHEEL DESIGN

Free to move, Peace of mind and effort, do not hurt the floor

## PRODUCT PARAMETERS

Product Name: Air Purifier	Model: NVKJ800FK15B	Particulate matter CADR: 800m <sup>3</sup> /h	Working mode: Intelligent purification
Accumulated particulate matter purification level: P4	Negative ion concentration: >20×10 <sup>6</sup> ions/cm <sup>3</sup>	Particle purification energy efficiency: ≥10.66	
Rated voltage: AC 220V/50Hz	Gaseous pollutants CADR: 300m <sup>3</sup> /h or more	Rated power: 75W	Standby power: ≤2W
Accumulation of gaseous pollutants purification level: F4	Gaseous Pollutant Purifying Energy Efficiency: High Efficiency	Power Cord Length: 2 meters	
Noise (sleep profile): 20dB (A)	Product size (length, width, height): 400×400×665mm	Packing size (length, width, height): 491×491×763mm	
Anion concentration: 10 million/cm <sup>3</sup>	Net weight: 14.0Kg	Applicable area: 56~96m <sup>2</sup>	Noise (highest grade): 66dB (A)
